J&M News

The past two years at J&M have been a roller coaster, to say the least. Matt enrolled in NAU Nursing School to help supplement our "one income" family. The economy in our area has had an impact on our business, but we are happy to announce that on December 5th he graduated and is now an RN, as well as a Photographer!

The studio will always be his first passion, but benefits are very nice in this economy. THANK YOU to all of our wonderful, *patient* clients who continue to support J&M Imagery, we couldn't continue to do what we love without YOU!

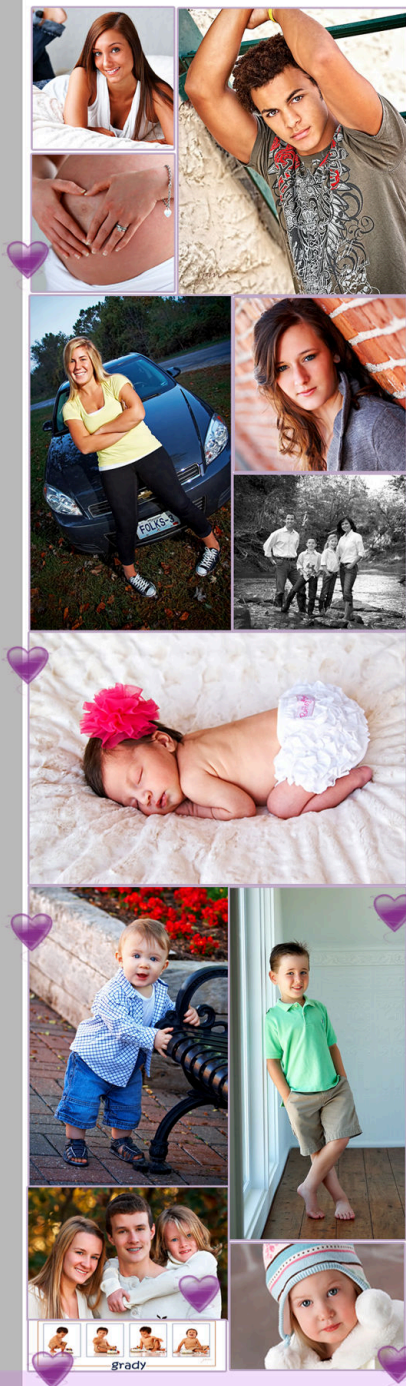

"Not to worry, we will continue to create all of our images exclusively together."

Watch Me Grow

The past 10 years have flown by, technology continues to change almost monthly in our industry. Mostly for the good, our creativity truly has no limit, and for that we are blessed. Some things will never change at J&M, like our commitment and passion to create high quality images. The age of digital has created quite a few "instant" media people. It may have time advantages, but at J&M we will strive to make sure that Quality and Fabulous Portraiture is the foremost objective for your images. A program that has been around before J&M Imagery, is our

Watch Me Grow Collections. Custom portraiture of your precious angels at an affordable price. Our **1 YEAR** consists of custom sessions created at 3,6,9 and 12 months, and **5 YEAR** has additional sessions at 2,3,4 & 5 years of age. Both Collections include an 8x10 from each session, as well as an additional Family session and 8x10 bound in either a traditional or custom digital leather album. An additional perk of a **WMG Collection** is **30% Off** from any additional sessions, and all portraits.
